

Directions to the ADDL Lab

The Autism and Developmental Disorders Lab is located at:

5213 Robert C. Brown Hall
8888 University Drive
Simon Fraser University
Burnaby, BC
Canada V5A 1S6

Phone: 778.782.6746

Fax: 778.782.3427

Email: addl@sfu.ca

As you continue along University Drive East, you will see the Robert C. Brown Building on your right hand side.

Our lab is in this building.

Keep following the road.

The Diamond Alumni Centre
will be on your left.

You will now see that the road
is about to split.

Keep to the right.

Take a sharp right into the
entrance parking lot.

Do NOT follow the road up
the hill.

This is what the entrance to our parking lot looks like.

It may look like just a loading bay, but it also has a few parking spots as well.

The parking spots will be on the right, near the set of stairs.

These are the two parking spots that are free for you to park in.

Please park in one of them.

This is what the sign looks like.

Once you have parked, walk straight through the glass doors and continue down the hall.

Our lab is room 5213 on the left hand side.

A researcher will be there to greet you and to give you a parking pass to put on the dashboard of your vehicle.
